

Conway Police Department

Drug Take-Back Program

How to dispose of drugs:

- Take medications out of plastic containers and put in a paper bag or envelope
- Bring them to the drug drop box in the lobby of the police station — no questions asked
- Drop box is open and monitored 24/7
- All unused and expired drugs are accepted, except for liquids and hypodermic needles

Why bring drugs to the drop box?

- Thousands of children are poisoned by drugs they find every year
- Most people who abuse prescription drugs get them from friends and relatives, often from the family medicine cabinet
- Drugs thrown in the trash can be found and misused, and flushed drugs contaminate the water supply

The Conway Police Station is located at 35 East Conway Road

3 Helpful hints for drop off are:

- Hypodermic Needles and all liquids are prohibited.
- All plastics wrappings, containers or other devices should be removed before disposal. This prevents plastics from being burned in the incinerator, which can be harmful to the environment.
- Prescription drugs should be removed from containers bearing the patients name or other identification and placed in a small paper bag or envelope. Envelopes will be available if needed at police headquarters.
